EXPERIENCE

CONSULTANT

Sphyrna Security | 2021

- Managing all QA activities for their gov't SaaS product.
- Conducted an audit, and reported on how to comply with WCAG's Level AA guidelines for accessibility.
- Redesigned the entire Compliance UI, including its tables, and adding data visualization.
- Currently rebuilding the entire user help section of the application, as well as creating offline user guides.

SQA MANAGER

Chalk and Wire/Campus Labs | 2012-2020

- Created the QA department, responsible for all QA activities, including hiring, and managing a team of direct reports.
- Piloted, and managed the automated testing project.
- Improved the workflow with JIRA/Confluence.
- Created an internal knowledge base.

SQA SPECIALIST

Hotel Communication Network | 2010-2012

- Created the QA department, responsible for all QA activities, including project management, planning, testing, and reporting.
- Provided subject matter expertise on UI and usability.
